GERMANIC LANGUAGES

Germ. 1 CH ELEMENTARY GERMAN (3 s.h.). In German 1 and 2 the student will acquire some elementary communications skills and get a systematic introduction to the basic grammatical patterns of the German language. While reading and writing will get the major emphasis, tape recordings will make it possible to also practice listening and speaking. This use of all four basic skills enables the student to approach the new language from every possible angle and thus to lay the foundation for future reading or conversation courses. Cassettes are required, and student must have access to cassette tape player. *Carroll, 26.*

GENERAL INFORMATION

TO USERS OF THIS CATALOG

As participants in independent study, you become part of both a rich educational tradition and a bold new direction for learning. Since the late 1800's, when the demand for a winter continuation of the Chautauqua Institution's summer activities inspired the correspondence course, countless students have benefited from programs free from the constraints of classroom instruction.

In recent years, as the written word has been supplemented by such forms as records, cassette tapes, laboratory kits and television, and as programs have been designed with an increasing degree of flexibility, the traditional designation of "correspondence instructon" has come to be replaced by the more encompassing term "independent study." With this catalog, the University of North Carolina system embraces the new term as an indication of the broadened scope of our offerings and as a symbol of our plans for the future.

While independent study programs encourage a large measure of individual responsibility by students and allow them to work in essentially whatever manner, time and place they choose, it is not the intention of these programs to leave students entirely on their own. On the contrary, the independent student is supported by the resources of the university to the same extent as the student who works on campus. Independent study is an important means by which the university extends its contribution to the larger community; it is with this role in mind that we have chosen to call ourselves Independent Study by Extension.

The learning resources which we seek to make available to the independent student are not limited to any one campus of the University of North Carolina system. With the reorganization of higher education in North Carolina into a consolidated university of sixteen institutions, new areas of cooperation have emerged. One has been the creation of a statewide program of independent study, envisioned as a means of using our resources in the most effective and appropriate ways. This catalog, and the course offerings it contains, represents the joint efforts of five member institutions of the University of North Carolina system: Appalachian State University, East Carolina University, North Carolina State University, the University of North Carolina at Chapel Hill, and the University of North Carolina at Greensboro.

We hope that the material in this catalog will help you find ways to satisfy your educational needs and interests, and that you will consider Independent Study by Extension a continuing source of assistance in your learning activities.

ELIGIBILITY

Admission to independent study does not constitute official admission to a degree program at any institution. Interested students should contact the admissions office of the campus where they wish to earn a degree for information. The courses listed may be taken for credit or non-credit by anyone who is prepared to study them with profit. **The credit courses can be used toward a degree when appropriate to the student's own specific degree requirements. Students are responsible for making sure that courses fit their degree requirements.**

Students currently enrolled in a degree program are requested to read the section on taking courses while attending classes on campus before registering for a correspondence course.

Admission to the University of North Carolina is granted without respect to race, color, sex, national origin, or handicap.

ENROLLMENT

You may enroll in a course at any time during the year. Application must be made in writing on the forms provided in this catalog and mailed with a check or money order to Independent Study by Extension, University of North Carolina Extension Division, 121 Abernethy Hall, Chapel Hill, N.C. 27514. (Make checks or money orders payable to UNC Independent Study.) You should allow two weeks for delivery of your materials.

If you like, you may come directly to our offices (115 Abernethy Hall, UNC-CH campus) to enroll.

When you enroll you will receive a course study guide. In addition, you will need the textbooks and other materials listed after the course description in this catalog. These may be purchased from our bookroom. Specific instructions concerning your assignments and procedures will be included in the study guide; however, you should feel free to write your instructor or this office if you have questions. Please do not hesitate to call on us. As an independent study student, you are an important individual to us, and our goal is your success and satisfaction in learning.

COURSE LOAD

A student may not be enrolled in more than two courses at any one time. Students should check with their own campus to determine how many courses may be taken toward a degree there.

TIME LIMITS

You may enroll and begin work on a course at any time during the year. Your course will expire *thirteen months* from the date that you enroll. You may submit assignments at your own pace; however, you are encouraged to submit them on a regular basis.

If you are trying to complete your course in a short time, you must submit your assignments regularly. It is the educational responsibility of this institution to provide the teaching component of the independent study learning experience. Thus, we reserve the right to limit the number of assignments a student may submit within a short period of time so that the instructor's regular comments and guidance may be returned for the student's benefit as he or she progresses through the course. Students may not submit so large a number of assignments in so short a time that the teaching component is virtually bypassed. An average completion time for students who are steadily working on a course is two to three months. Creative writing courses usually require a minimum of five months.

If you are meeting a deadline, allow two weeks for your grade to reach the Central Records office of the UNC campus from which your course is offered after you have taken your exam. If you need to have a transcript sent to another institution, allow additional time. *It is the student's responsibility to meet all requirements for completing the course prior to his deadline.*

Your instructor may have pressing time commitments, especially near the end of a semester or a summer session, causing delays in the usual return of graded assignments. During holidays and summers, instructors may be out of town. Students trying to complete a course by a specific deadline should allow extra time in case their instructor is unable to grade their work quickly.

Students who are unable to complete their courses in the allotted thirteen months may obtain *one extension* of six months by paying a $5.00 *renewal fee.* In some cases, such as the non-credit Dental Assistant Program, renewal periods will vary according to the course.

TUITION AND FEES

Tuition and fees must be paid in full at the time of enrollment. Independent Study accepts Mastercharge and BankAmericard. Please complete the appropriate section on the application if you wish to use a charge card.

TUITION

	North Carolina Residents	Out-of-State Residents
2 semester hour course	$40.00	$52.00
3 semester hour course	60.00	78.00

Total	$9.00		$32.00	Post)

OTHER FEES

Additional charges may be made for special materials and services for a few courses. These fees will be indicated in the course description.

GRADES

The grading system of the campus offering an independent study course will be used. The following grading systems are currently in effect: UNC-Chapel Hill, Appalachian State, UNC-Greensboro and East Carolina—A, B, C, D, F; NCSU—A, B, C, NC (No Credit).

If an instructor finds that the English composition of a student taking a Chapel Hill course is below the campus standard, he may add a composition condition (cc) to the final grade of that student. Credit will not be granted for the course until the cc is removed. A cc may be removed by the completion of English 0 either by correspondence or on the Chapel Hill campus.

Grades are recorded at the Central Records office of the campus offering the course.

STANDARDS

Independent Study places upon all enrolling students the responsibility for adhering to a standard of honesty and self-discipline. Students are expected to do their own work in all aspects of their course. Your signature on your application certifies that you agree to maintain this standard.

EXAMINATIONS

A final supervised examination must be passed if credit is to be given. Examinations may be supervised at an accredited college, university, community college, or technical institute which is accessible to the student. Students are asked to sign a pledge when they take examinations certifying that they have neither given nor received aid while taking the exam. All assignments must be submitted for grading prior to taking a course examination.

TEXTBOOKS

A bookstore of over 350 different volumes is maintained for the use of Independent Study students. Books are offered at competitive prices. You may purchase books for your course anywhere you desire, but if you purchase them from us, we will make every effort to mail them promptly. Should you choose to purchase them elsewhere, you should wait until you receive your course syllabus to be sure that you buy the correct edition of your texts.

Required texts are listed with each course. PUBLISHER'S PRICES ARE SUBJECT TO CHANGE; thus our prices are subject to change without notice.

If you wish to secure the required texts from us, please complete the Book Order form which is included on the application for enrollment, or send us a letter. Books may be sent C.O.D., but we suggest ordering them prepaid. If supplementary reading materials or books for book reports are not available to you locally, you may contact our office for assistance.

LIBRARY SERVICES

North Carolina residents having trouble locating supplementary textbooks are encouraged to ask their local librarian to request an Inter-Library Loan from the North Carolina State Library. Students who wish to use library facilities at NCSU may do so by verbally identifying themselves as correspondence students. Students may use the UNC-Chapel Hill libraries by obtaining a library card from the Independent Study offices.

SELLING TEXTS

Our bookroom will repurchase texts if they are in good condition and are still in use with our courses. Students wishing to sell their books should contact our bookroom before mailing the books to us to see if they can be repurchased. When returning books, be sure to include your name and current address.

ADDRESS OR NAME CHANGE

If your address or name changes during the time you are enrolled, please send the name and address under which you enrolled, your new name and address, the date, and the course in which you are enrolled to Independent Study.

COUNSELING

A staff member of Independent Study is available to counsel any student who chooses to use this service when a need arises. Students having difficulty in or failing a course may want to write Independent Study for assistance. An office appointment can be arranged if it is desired.

Students who are interested in improving their study habits may want to obtain the following publications from the Independent Study bookroom. *Continuing Your Education,* by Cyril O. Houle, may be rented for 2 months for $1.10. *How to Study,* by Thomas F. Staton, may be purchased for $1.00.

REFUNDS

If for any reason you should decide that you must drop your course, complete the form in the back of this catalog and mail it to Independent Study. Partial refunds will be granted providing the request is made within *TWO MONTHS* of the enrollment date.

TRANSFERS

A student may transfer from one course to another if the request is made within *TWO MONTHS* from the enrollment date. The student must pay a fee of $8.00 plus $2.00 for each graded assignment in the course being dropped. New textbooks may be purchased from the Independent Study bookroom. The bookroom will consider repurchase of the texts from the original course at a percentage of their original cost, depending on their condition. Enrollments may not be transferred from one student to another.

COMBINING CAMPUS AND INDEPENDENT STUDY

If you are attending a campus session at any institution, you must have the written approval of your Academic Dean sent to the Independent Study offices for each semester or summer session you are enrolled in order to continue working on your course.

If you do not want to continue with your independent study course while enrolled for residence work, or if you are unable to secure permission, you may let us know each semester or summer session you are in residence, and request that additional time be allowed to complete the course later. If you fail to let us know you are in residence without permission, your course will expire thirteen months from the day you enroll.

You may submit assignments during official school holidays and semester breaks without permission.

CREDIT

Degree Credit — Credits earned through Independent Study may be used toward a degree, providing the course is applicable to the individual student's requirements. *Students who are completing a degree program at any institution should check with their academic advisor or dean prior to enrolling in a course to make sure the credits will be acceptable.*

Non-Credit — Those who do not desire or expect credit are permitted to register for any course for which they are qualified. Non-credit students are given the same careful instruction as those who study for credit. No permanent record of the grade will be made.

FINANCIAL AID

1. Student Aid

Loans and a few scholarships (for students with exceptional academic records) may be available to students who have financial need. For information and application blanks, write to the Director of Student Aid at the campus from which you are earning your degree.

2. Vocational Rehabilitation

Under certain circumstances, the Vocational Rehabilitation Division of the State Department of Public Instruction will pay the fees for those who have a physical disability. For full information, contact the Director in Raleigh, N. C.

3. Veterans

Effective January 1, 1973, all veterans, eligible wives and widows who intend to pursue a course by correspondence should complete a special application and send it to Independent Study accompanied by payment for the course and a signed and dated enrollment agreement. The enrollment agreement is not effective unless the applicant, after the expiration of 10 days following the signing of the agreement, submits a written statement of affirmation declaring his or her intent to be enrolled in the course selected. (The dates of beginning the agreement and the affirmation are not to be included in counting the 10 days.) When the statement of affirmation is received in this office, we will credit the payment to the student's account, process the application, and send the materials to the student.

All veterans, eligible wives, and widows should contact Independent Study and request the special application and other papers for enrolling in correspondence courses. By following this procedure, 90 percent of the course fees will be reimbursed to the eligible student by the Veterans Administration Office as the student progresses through his course.

NOTE: If you have any questions about your eligibility or the acceptability of the selected course in your over-all educational program, contact the VA Regional Office in your state of residence.

4. In-Service Teacher Education Program

North Carolina teachers may earn certificate renewal credits by independent study. For information on tuition assistance under the In-Service Teacher Education Program, interested teachers should contact their employing Superintendent's office for consultation and clarification of existing policies before they enroll in a course.

The State Department of Public Instruction in North Carolina accepts credit earned before September 1 for that teaching year. Teachers needing credit for North Carolina certification should arrange to complete courses and examinations by August 15 in order to have credit reported by September 1. For full information about certification requirements, write the State Department of Public Instruction.

5. Inmates

Inmates in the North Carolina Correction System who are unable to pay course fees may be eligible for enrollment under the OUTREACH TO INMATES program. Information on eligibility and enrollment procedures can be secured by contacting:

Educational Services Section
Office of Correction
831 West Morgan St
Raleigh, NC 27603

TRANSCRIPTS

If you need a transcript by a particular date, you must arrange your work so that you can take the examination at least *two weeks* in advance of your deadline. *Independent Study cannot guarantee that a grade will be received by a particular date unless the student completes his assigned work and examination well in advance of that date.*

Request for transcript forms are included with examinations. Transcripts should be requested from the Records Office of the campus from which credit is earned. (Transcripts for NCSU courses completed prior to June 1, 1975, should be requested from the Division of Continuing Education,

1911 Building, NC State University, Raleigh, NC 27607. Transcripts for NCSU courses completed after June 1, 1975, should be requested from the Records Office on the NCSU campus.) There may be a small fee for transcripts.

WITHDRAWAL

You may withdraw from a course at any time; however, you will receive a refund only if you officially withdraw within **two months** of your enrollment date. Please consider carefully before dropping your course. If you decide to complete it later, you will be charged full tuition. If our staff can be of assistance, please let us know.

Partial refunds will be granted providing the request is made within **TWO MONTHS** of the enrollment date, which is the date your invoice was typed. Refunds of **TUITION ONLY** will be made: $19.00 will be deducted for the expense in processing each enrollment, plus $2.00 for each graded assignment. If a personal check was used for payment, allow six weeks before a refund is processed. This office can not guarantee repurchase of textbooks. Please indicate your desire to return books for credit on the withdrawal form. We will let you know if we are able to repurchase your texts. You may keep all materials, except those rented from this office. Please return all rental materials immediately, and clear your account.

ADDITIONAL INDEPENDENT STUDY OPPORTUNITIES

CREDIT BY EXAMINATION

Credit for some courses offered from the Chapel Hill campus may be earned by passing an examination. Approval of Independent Study and the department involved is necessary for a student to qualify for credit by examination. Grades for courses taken by exam will be reported as "by examination," and will count as hours toward graduation but will not affect the quality point average.

Interested students should request additional information and application forms from Independent Study. The fee for credit by exam is $20.00.

INDEPENDENT READING PROGRAM

Another alternative for persons interested in non-credit study is the Independent Reading Program. IRP is a program for adults who desire to continue their education through planned reading after their full time or formal schooling is over and who seek some direction in their self-study.

COURSES BY NEWSPAPER

A number of interdisciplinary courses are offered for credit by various campuses of the University of North Carolina system through local newspapers. For information regarding courses currently available, please contact the office of continuing education or extension at the campus of your choice.

COMPUTER SCIENCE COURSE BY TELEVISION

North Carolina State University is planning to offer CSC 200, Introduction to Computers and Their Uses, as a television course in the Spring of 1976. The course will be offered by means of a 20-part series, "Making It Count," to be shown on the UNC-TV network, and will be available both for credit and non-credit students. Inquiries should be directed to Industrial Extension Service, 133 Daniels Hall, North Carolina State University, Raleigh, N.C. 27607. Telephone: (919) 737-2356.

OTHER UNIVERSITIES

The University of North Carolina is a member of the National University Extension Association, the professional organization designed to guide in the development, maintenance and advancement of university extension services. UNC Independent Study belongs to the Independent Study Division of the Association. Each institution affiliated with the NUEA is accredited by the region in which it is located, and bases all educational programs upon standards for higher education in that state and region.

Two booklets published by NUEA may be helpful to you in locating courses and programs not available through UNC Independent Study. *A Guide to Independent Study Through Correspondence Instruction* lists correspondence and independent study courses offered by 73 institutions of higher education for college credit, certificates of achievement or personal enrichment. *A Directory of U.S. College and University Degrees for Part-Time Students* lists 2,848 degrees at 1,277 institutions in which the degree can be completed through part-time study. The booklets may be obtained by sending $1.00 for the *Guide* and $1.95 for the *Directory* to National University Extension Association, Department 202, Suite 360, One Dupont Circle, Washington, D.C. 20036.
